- a. words and sentences together.  
b. words or sentences together.  
c. words and sentences.  
d. words or sentences.

**Answer:** D

b. theoretical, challenging  
c. fraudulent, deceptive  
d. erroneous, impartial

**Answer:** C

### Explanation:

The sentence speaks about experiments that never were carried out. This is an event of fraudulence. In that case, the research results published will be deceptive in nature.

D. Many Adivasi communities have their traditional customs of managing common resources such as forests and small water reservoirs, etc.

- a. CDBA      b. BDAC      c. ACDB      d. ADCB

**Answer: C**

**Explanation:**

There is an AC link in the paragraph. Sentence A speaks about the act and its limitation. In Sentence B, that limitation is rectified. Among the four sentence, only Sentence A can be the topic sentence. So with this, option "ACDB" is the correct sequence of the paragraph.

In each of the questions given below from the given options select the word which is farthest in meaning to the word given in the question.

6. Indulge

- a. abstain      b. quaff      c. regress      d. absolve

**Answer: A**

**Explanation:**

The word indulge means to give in to a craving or desire. To indulge is to willingly give in to a temptation. The opposite of Indulge is to refrain from a desire. Because abstain means to refrain deliberately from something, 'abstain' is the answer.

'Quaff' means to drink deeply or with pleasure. This is not the opposite of indulge.

'Regress' means to move backward. This is not the opposite of indulge.

'Absolve' means to clear from blame. This is not the opposite of indulge.

**Questions 7 to 10**

Read the passage given below and choose the best option for the blanks.

**I**t is often assumed that if a small company fails to (0) ... , it is because of external factors. So it may come as something of a surprise to discover that many small companies have only themselves to (19) ... for their lack of growth. In fact, if you run a small business, you shouldn't waste much time wondering whether you have (20) ... to investment capital; still less, analysing fluctuations in (21) ... exchange rates. You are more likely to (22) ... the main barrier to greater success by looking in the mirror.

7. Which of the following best fits blank 19?

- a. condemn      b. accuse      c. charge      d. blame

**Answer: D**

**Explanation:**

Keyword: 'Themselves'

• 'Blame' is to hold responsible for a fault. In this particular passage, the fault is that companies are failing to grow ("lack of growth").

• 'Charge' and 'accuse' are also words which mean 'holding responsible for a fault', but the fault in both these cases is usually very strong (e.g.: A crime).

• Moreover, 'charge' and 'accuse' are NEVER used to refer to one holding oneself responsible. It is usually used to refer to, say "X holding Y responsible for a fault".

E.g. the police charged him with stealing jewels from the store.

They accused him of stealing jewels from the store.

• 'Condemn' means official reprimand/criticism.

E.g.: The Principal condemned him for stealing school property.

Since 'condemn' is OFFICIAL reprimand/criticism (criticism which comes from an official higher authority), it is never used while referring to oneself.

8. Which of the following best fits blank 20?

- a. admission      b. entry      c. access      d. entrance

**Answer: C**

**Explanation:**

• All four answer options share a meaning: 'entry' to some place.

• 'Access' has another meaning which is unique to the four answer options: 'Ability to use'.

E.g.: Terrorists have access to the latest weapons in the world.

This meaning of 'having the ability to use' is what fits best in the sentence.

'Investment capital' means 'investment money'. It is illogical to talk about entry/admission/entrance to money. The only logical option would be to talk about whether or not money is available and whether it can be utilized.

"...you shouldn't waste much time wondering whether you have access to investment capital", meaning you shouldn't waste time wondering whether or not you have availability to investment capital.

• All four answer options share a meaning: 'entry' to some place.
